

Len Luckenbach is an employee of Spirax Sarco, Inc., a worldwide manufacturer of steam traps, temperature and pressure controls, metering devices, level controls and other steam related heat transfer products.

He has held various sales and marketing positions within the company spanning over 23 years, with his most recent assignment as the Area Manager for New York City and northern New Jersey. He has assisted many steam users in the field to help them identify steam system problems and areas for improving the efficiency, reliability, and safety of their steam systems. He has participated in numerous training programs for steam users at their facilities and at the Spirax Sarco North Atlantic Training Center.

He received a B.A. degree from Gettysburg College and resides in the Lehigh Valley area.
